Plasma Sword — 2

Program - Command   C++

Causes 2 points of Energy damage.

Plasma is the fourth state of matter (solid, liquid, gas, plasma). A plasma sword uses magnetic fields to shape the plasma into a blade.

Kabuto could feel the heat radiating from his plasma sword. He handled the weapon with great care - such power must be treated with respect.

Standard 0063 Common

Sonic Wave — 2

Program - Command   C++

Causes 2 points of Energy damage.

Sonic waves occur when objects travel faster than the speed of sound. They generate huge amounts of sound energy audible as a sonic boom.

Reika had a brainwave... "Robi," she said, "If you can change your physical shape... can you make a speaker?" "With the right program..." came the reply...

Standard 0064 Common

EMP Beam — 3

Program - Command   C++

Causes 3 points of Energy damage.

An electromagnetic pulse (EMP) can disable all electronic equipment in its blast radius.

Reika remembered the first time she'd used an EMP beam... she'd been sitting in Hakuto's car... that was the last time she got to ride in Hakuto's car... and the last time he had a car...

Standard 0065 Common

Particle Beam — 1

Program - Command   C++

Causes 1 point of Matter damage.

A high-energy beam of tiny particles, which damage targets by disrupting their molecular structure.

The particle beam hit EGO's server so hard you could see right through it. "Game, set and match," said Reika.

Standard 0066 Common

Freeze Ray — 2

Program - Command   C++

Causes 2 points of Matter damage.

Freeze rays shoot photons at high-pressure, this separates electrons from atoms taking the heat with them. It happens so fast you can freeze a gas before it has time to turn into a liquid.

Reika loved the Freeze Ray, when no one was looking she made amazing ice sculptures in Cyburbia park.

Standard 0067 Common

Circular Saw Gun — 2

Program - Command   C++
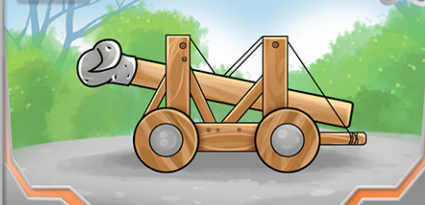

Causes 2 points of Matter damage.

A circular saw gun fires saw blades instead of bullets and is highly lethal.

"So this gun shout spinning circular saw disks?" said Reika ,"Bullets just weren't bad enough huh?"

Standard 0068 Common

Battering Ram — 3

Program - Command   C++

Causes 3 points of Matter damage.

A battering ram is a big heavy beam of wood used to bash through enemy doors.

The little robot beamed at Reika. "You've saved our server, please accept our most precious program."
"A battering ram?" said Reika,"Well thanks, that should be fun."

Standard 0069 Common
